DETAILED ACTION

Response to Amendment

In response to the amendment filed 10/5/2005, claims 1, 7-8, 51, 60, 67, 73, and 74 are amended, and the new abstract is entered. Claims 1-78 are pending.

Terminal Disclaimer

The terminal disclaimer filed on 10/5/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on U.S. application 10/776,810 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

Claims 1-78 are allowed. The following is an examiner's statement of reasons for allowance:

The examiner believes that the previously cited reference to Kim et al. (US 2003/0112836) is the closest prior art. The examiner further substantially agrees with the applicant's arguments filed 10/5/2005 concerning differences between Kim and the claims of the present application, therefore the reasons for allowance are the same as described by the applicant in the response.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
